EXPERIENCE

Although no formal employment, I have gained experience through freelance website design.

September 2009

<http://www.mblast.com>

Developed a website template for their award system. Gained experience in interpreting and understanding requirements of a design brief along with valuable communication skills with the client.

January 2009

<http://www.pokerzero.com>

Developed a website design and logo. Important experience gained in communicating with the customer in order to satisfy his needs.

Certificate in Digital Applications	Merit

INTERESTS

I maintain a keen interest in the IT industry, from simply using IT to communicate with others to designing fully functional websites. The skills gained from this interest can be adapted to the workplace in the way of operating a till, for example.

SKILLS
